

JOB DESCRIPTION

PCN CERTIFIED NDT TECHNICIAN

Position	PCN Certified NDT Technician
Location	UAE & Other GCC Projects
Experience	Minimum 5 years of post-certification experience

JOB OVERVIEW

We are urgently hiring experienced PCN Certified NDT Technicians for projects in the UAE and other GCC countries. The selected candidates will be responsible for carrying out Non-Destructive Testing (NDT) activities in accordance with applicable procedures, codes, standards, and project requirements. Candidates should have strong practical experience in industrial inspection environments and be capable of performing the required NDT methods professionally and safely.

NDT METHODS REQUIRED

- **UT** – Ultrasonic Testing
- **MT** – Magnetic Particle Testing
- **PT** – Penetrant Testing
- **PCN Level 2 certification in UT, MT & PT is required.**

KEY RESPONSIBILITIES

- Perform NDT inspections using UT, MT, and PT methods.
- Conduct inspections according to approved procedures and applicable standards.
- Identify, evaluate, and report inspection results accurately.
- Ensure all inspection activities comply with project quality and safety requirements.
- Maintain proper inspection records and documentation.
- Coordinate with supervisors and QA/QC teams when required.
- Follow all applicable site safety regulations and procedures.

CANDIDATE REQUIREMENTS

- **PCN Certification in UT, MT & PT (Level 2) is mandatory.**
- **Minimum 5 years of post-certification experience is required.**
- Relevant experience in Oil & Gas, Petrochemical, Refinery, Power Plant, Marine, or Industrial Projects is preferred.
- Good knowledge of relevant codes, standards, and NDT procedures.
- Candidates must be physically fit and able to work in challenging industrial environments.
- Experienced professionals are preferred.
- Immediate joiners will be given preference.
